**Travelling to the host country** (recommendations, difficulties)

Aegean Air - the best airline :)

There are different platforms to find shared flats or flats

and of course airbnb (which sadly has had a huge impact to the rent prices for locals, but also has helped some with jobs and income). Rents are comparable to Austria, depending on the area also much cheaper.

There are many food options even to eat out economically. Supermarkets have ok prices, comparable to Austria. Good choice is to find out about local "laiki", markets that are hosted weekly in most areas of Athens.

Cultural life is rich, many galleries and offspaces additional to big museums. Music scene and nightlife is very versatile.

public transportation works well - recharge your ticket, don't throw away
